Building Inspections Department

Activity Report for December 2011

The Building Inspections Department report includes activity for building permitting, plan reviews, building inspections, demolitions, planning & zoning, code enforcement and the animal control officer's activities.

Building Permits –

Seventy building permits were issued and fees collected in December.
Total fees collected for building permits was \$10,824.45.

Plan Reviews –

We had a Plan Review for the BPS Grandstand this month and a single family residence.

Building Inspections –

We had two inspections for Housing Authority this month.

Demolitions of Dilapidated Structures –

There was a demolition at 1923 Ella St- Fred Fugett's property this month.

Planning & Zoning –

The Planning and Zoning Board did meet in December. There was a Preliminary Plat of Berke's Addition and the Final Plat for Northgate Crossing First Addition.

Code Enforcement –

The Code Enforcement Officer reviewed 55 code violations in December. Forty seven of these violations are currently being investigated and 8 have been corrected. Thirty-eight violations from previous month's reports have been corrected and were cleared in December.

Animal Control –

Animal Control received 73 calls in December.

Animal neglect calls - 3

Dog At large -10

Dead animal – 8

Injured animal -3

Misc. calls – 46

Trapped – 3

The Animal Control Officer is continually fielding calls, giving advice and answering questions from citizens on a daily basis in regards to eliminating vermin and rodents from properties.

Summary of Report – Spread sheets and reporting documents are included with this report. Any questions can be directed to the Building Inspection Department.

Dear Mayor and City Council

We all survived the Holiday season and are looking forward to 2012. On a personnel note Officer Cheryl Honea suffered a non duty related back injury and she has been off work for about a month, her long term prognosis is unknown. Other than that we are fully staffed and have been for a period of time, which is great news for us.

We ordered our new police car which was in this year's budget. It is the new Ford Police Interceptor that is sort of a cross between a patrol car and a SUV. It is all wheel drive and has received excellent reviews from places that review police vehicles. We are also exploring some new technology inside the car which will allow us to consolidate all of our electronic devices into one. It's a pretty exciting time for law enforcement in the area of technology.

As far as call load goes the number of disturbance calls were significant, as the holiday season doesn't exactly bring out the best in some people. The SEADE drug task force is on a temporary break as we wait for a crime commission meeting to be held in late January to discuss the future of task forces across the state. I will let you all know how that comes out.

Chief Bruce E. Lang

Beatrice Fire & Rescue
Monthly Report
December 2011

Last month we responded to a total of 172 emergency medical calls and 41 fire and or hazardous material calls. In December 2010, we responded to 183 emergency medical calls and 37 fire and or hazardous material calls.

This December, Wednesday was the busiest day of the week for medical calls with a total of 45. In December 2010, the busiest day of the week was Thursday which topped out at 43 medical calls.

The top three transport locations of our medical calls were 79 transports to Beatrice Community Hospital & Health Center, 25 patients to Bryan LGH East and St. Elizabeth with 18 patients.

Of our medical service level provided last month 69% of our medical calls were ALS, 14% BLS, and 17% were in the other category (not transported, called off, no one found when on location, etc).

This December we had two documented public education events.

Training topics for the month of December included; narrative writing of patient care reports with Dr. Rice, strategy & tactics, firefighter rescue, EMS protocols, rope rescue, spinal immobilization, patient assessment, entanglement/entrapment, confined space rescue, and radio communication drills.

Recently they have begun making announcements for the Assistance to Firefighters Grant. We applied for a Fire Pumper. So far we have not gotten a dismissal letter from the yet and are still in the process.

As always, if you have any questions feel free to contact me at any time.

Chief Brian Daake

Public Properties Monthly Report
1/10/2012

Scott Street Ball fields –

- Beatrice Bullets received \$20,000 from Gage County Tourism for more improvements at Scott Street Ball fields. The improvements the bullets choose to do were to irrigate and overseed the ball fields and install pitching warm-up areas for each field.

Beatrice Public Library –

- Beatrice Glass will be installing automatic door openers on the front doors to improve handicap accessibility.
- Van's Waterproofing has been tearing off caulking and re-caulking the windows on the west and south sides. This is the first time the windows have been repaired since installation. The east windows will be addressed in the 2013 budget.

Beatrice Police Department –

- Staff has finished remodeling and repairing the men's restroom. A new wall was installed due to termite damage. Other improvements were new tile floors and plumbing fixtures.
- Improvements to the women's restroom will begin in the next week or two.
- The front doors will also have automatic door openers installed to improve handicap accessibility.

City Auditorium –

- Approval for the lighting specifications was received on Monday 1/9/2012. The specs will be sent to vendors for quoting to allow for orders to be placed in 7-10 days. Fixtures will have a 4-6 week lead time and arrive around the end of February.
- The gym floor was re-sanded and resealed during the Christmas break in time for the MUDECAS tournament being held this week.
- Staff has assisted the MUDECAS organizers with facility setup and upkeep during the week.

Hannibal Park –

- Staff will be assisting the street department with sealing the cracks in the asphalt parking lots on Thursday, 1/12/2011.

Board of Public Works

Monthly Report

Through January 9, 2012

Administration

Financial – Electric energy sales for December, 2011 were about 5.7% lower than December, 2010 due to milder weather conditions. Revenues were 3% higher in December, 2011 due to the increase in retail electric rates. Water sales for December, 2011 were about 8.4% lower than December, 2010 primarily due to lower sales to our residential customers and Koch Nitrogen. Revenues were flat due to our rate increase offsetting the lower sales. WPC sales for December, 2011 were 13% higher than December, 2010. Revenues were 8% higher.

NPPD Activities – We have participated on two NPPD committee's the past couple of months dealing with their communication with wholesale customers and their competitiveness with other wholesale suppliers. We are reviewing our options inside the current NPPD wholesale power contract including reducing our load requirements from NPPD which would allow us to purchase part of our requirements from a secondary supplier. We are also reviewing any benefits to revoking our assignment of WAPA power to NPPD and being billed on a different wholesale rate.

Operations Activities

Water Department – The wet weather played a factor on the progress we were able to make on the water loop for the Hospital. With the project being in a soybean field, you need dry or frozen conditions and neither was available until recently. We have been able to get back out there last week and are hoping that the weather will hold for a couple of weeks so we can finish this project.

A 6-inch water main break was repaired in the 1200 block of North 18th Street. We also replaced a water service while we were there. The department spent time testing backflows, flow testing fire hydrants (when the temperatures were adequate) and working on equipment.

Electric Department – The following projects were worked on this past month:

Distribution Work

Three distribution poles were replaced around town due to the condition of the poles. Fourteen days were spent on tree trimming and removal in several areas of town. Normal maintenance and repair was performed on the distribution circuits.

Two single phase pad mount transformers were installed in the Northgate Addition to supply the new street lights.

Substation/Transmission Work

Testing was performed on the voltage regulator controls at all of the substations.

Services

Four overhead services were replaced because of poor insulation. Four overhead services were replaced for upgrades. One service pole was replaced due to the condition of the pole.

Street Lighting

The Electric Department received reports on 50 street lights and security lights which were not working. They have all been repaired. One street light pole was replaced due to an accident. Seven new security lights were installed. Five new poles were set at Beatrice Livestock for security lights.

Trenching for the street light circuits in the Northgate Addition is about 80% complete and the lights on the streets around the new hospital have been installed. The rest of the trenching will be completed when we receive crossing permits from two of the pipelines on the north side of the Hospital.

WPC Department – There were no sewer main blockages during the month of December. A total of 17,620 ft was jetted during the month of December 2011.

The Department repaired light fixtures in the RBC building and fixtures on the 2nd and 3rd level in the plant head works. We also repaired heaters in the Headworks and Belt press room. The RBC building has a room underneath the floor to access the pipes. We installed a sump pump in this room to remove any overflow and ran conduit and electrical in house.

We had to repair an electrical problem on our Jet Truck #69. The support leg would not operate correctly. We got electrical prints of the truck and started tracing wires in the harness to determine where the short was located and bypassed it with a new wire. The truck has been working great since then and my guys did an outstanding job fixing it.

We drained and inspected our Aeration tank. We had to build and install a new valve handle.

Street Department – The following projects were worked on this past month:

- Cleaning out catch basins and tree trimming.
- Salting and sanding. We did some ice control on the weekend of December 3, 2011, when we had all that rain which turned into freezing rain later that night. We also did some salting and sanding on December 8th and 9th.
- We are in the process of crack sealing. So far we have sealed around 73 blocks. If the weather gets nice and dries up we will start again on the highways.
- We are still sweeping. So far we have picked up about 500 loads of leaves since the middle of October.
- We are still blading gravel roads. With the wet month of December, we had to re-gravel a lot of our streets. We have close to 30 lane miles to take care of and we have graveled about half of those lane miles this winter. We purchased 1,500 tons of gravel this fall to be used for next spring and have used close to 700 tons already. If we have a wet spring we will run short. It is quite a change to be putting gravel down in December but gravel is cheaper than pushing snow.

- We are working on the new snow route resolution passed by the City Council. Additions to the snow route were: West Scott Street between the Armory and SECC to the city limits and 6th Street & Northgate Boulevard to Hospital Parkway then back around to 6th Street. We also put up new street markers around the Hospital.
- April 16th – 20th has been designated for the Keep Beatrice Beautiful City-Wide Cleanup Week. The Street Department will provide large item pick-up throughout the city during this annual clean up period.

ENGINEERING DEPARTMENT

Construction Projects:

1. We have staked part of the water loop to the hospital. The Water Department has 2000 feet to complete the project.
2. The South 13th Street Sanitary Sewer project is ready to construct.

Other Projects Include:

- Pavers, Inc. has requested an early start (January) for bridge work on the trail.
- We are continuing to collect GPS data for the GIS system for street signs and pavement markings, water and sanitary sewer system.
- Olsson & Associates is working on the Collector Mill & Overlay Project and are working on plans.
- 90% Plans have been submitted to NDOR on the historic sign project and we are getting the easements to install the signs.
- Olsson & Associates is working on the NEPA and wetlands documents for the museum project.
- We are also working on the two alleys and valley gutter projects and curb and gutter project for next year.
- We have completed design of streets and water for Berke's Fourth Addition and moving the plat forward.
